

From the Public School to the Private Sector: Teacher to Corporate Trainer

Presented by: Alan Feirer, Group Dynamic

Explore the similarities and differences between being a public-school teacher and a corporate trainer. This session is for those considering such a change, those who have recently made the change, and those in the private sector without classroom experience. Alan will share pointers and lessons learned from his career jump to a professional trainer. Discover how experiences in each area can help the other.

Objectives

- Identify techniques that apply to students and adult learners- the classroom and professional careers.
- Name the differences between an Iowa public school culture and a corporate culture.
- Rethink the unwritten rules of the world you are in.
